

Corsair Vengeance RGB PRO 64GB (4x16GB) DDR4 3600 (PC4-28800) C18 Desktop memory – Black

Indeks: 312143 Producent: Corsair Kod producenta: CMW64GX4M4D3600C18

Cena: **1,136.04 zł**

Opis

Corsair Vengeance RGB PRO 64GB (4x16GB) DDR4 3600 (PC4-28800) C18 Desktop memory – Black

Producent: Corsair

Upgrade your PC with the Corsair Vengeance RGB PRO 64GB DDR4 memory. With its 4x16GB configuration, this desktop memory provides high-speed performance and impressive load times for even the most demanding applications. The Dynamic Multi-Zone RGB Lighting with 10 ultra-bright RGB LEDs per module will elevate your PC aesthetics, and the Next Generation Software, Corsair iCUE, allows you to customize your memory lighting and synchronize it with other Corsair RGB products like your keyboard, fans or CPU coolers. The Custom Performance PCB maximizes signal quality, contributing to the memory's high level of performance and stability.

The Corsair Vengeance RGB PRO 64GB DDR4 memory is carefully screened for the best ICs and provides extended overclocking potential. This memory is optimized for peak performance on the latest Intel and AMD DDR4 motherboards, providing maximum bandwidth and tight response times.

This product comes with a number of specifications, including a memory speed of 3600 MHz, data transfer rate of 12 gigabit per second, a weight of 50 grams, and a black finish. The item is compatible with a range of devices, and the manufacturer, Corsair, offers a lifetime warranty. Ideal for multimedia applications, upgrade your PC with Corsair Vengeance RGB PRO 64GB DDR4 memory today.

- Dynamic Multi-Zone RGB Lighting: 10 Ultra-bright RGB LEDs per module.
- Next Generation Software: Take control in Corsair iCUE software and synchronise lighting with other Corsair RGB products, including CPU coolers, keyboards and fans.
- Custom Performance PCB: Provides the highest signal quality for the greatest level of performance and stability.
- Tightly Screened Memory: Carefully screened ICs for extended overclocking potential.
- Maximum Bandwidth and Tight Response Times: Optimised for peak performance on the latest Intel and AMD DDR4 motherboards.

- **szybkość pamięci:** 3600 MHz
- **waga przedmiotu:** 50 grams
- **punkt znaku wypunktowania:** Dynamic Multi-Zone RGB Lighting: 10 Ultra-bright RGB LEDs per module., Next Generation Software: Take control in Corsair iCUE software and synchronise lighting with other Corsair RGB products, including CPU coolers, keyboards and fans., Custom Performance PCB: Provides the highest signal quality for the greatest level of performance and stability., Tightly Screened Memory: Carefully screened ICs for extended overclocking potential., Maximum Bandwidth and Tight Response Times: Optimised for peak performance on the latest Intel and AMD DDR4 motherboards.
