

KZ SKS Earbuds with microphone

Indeks: **542784** Producent: **Shenzhen Yuanze Electronics Co.,Ltd.** Kod producenta: **SKS**

Cena: 322.76 zł

Opis

KZ SKS Earbuds with microphone

Producent: Shenzhen Yuanze Electronics Co.,Ltd.

Słuchawki douszne KZ SKS to hybrydowe bezprzewodowe stereo. Zaprojektowane ergonomicznie, zapewniającej wysoką jakość dźwięku HD. Wyposażone w 10 mm dynamiczny przetwornik i 30019 zrównoważony przetwornik. Stabilne połączenie Bluetooth 5.2, redukcja fizycznych zakłóceń dźwięku. Tryb wysokiej wydajności zapewnia niemal zerowe opóźnienia podczas gier i oglądania filmów. Etui ładowania wspiera do 8 pełnych ładowań słuchawek. Prosta i inteligentna obsługa: automatyczne połączenie w sekundę, dotyk indukcyjny.

Słuchawki KZ SKS oferują dźwięk HD o szerokiej palecie częstotliwości dzięki hybrydowemu przetwornikowi. Skonstruowane z myślą o redukcji hałasu, zapewniają komfortowe noszenie i doskonałą izolację zewnętrznego dźwięku. Zastosowano najnowszą technologię Bluetooth 5.2 z chipem QCC3040, obsługującą dekodowanie audio aptX firmy Qualcomm.

Słuchawki KZ SKS to doskonałe połączenie lekkości, modnego designu i wysokiej jakości dźwięku. Zbudowane z myślą o ergonomicznym dopasowaniu i wygodzie noszenia. Idealne do użytku zarówno w domu, jak i na zewnątrz. Odkryj świat dźwięku w nowy sposób z bezprzewodowymi słuchawkami KZ SKS.

- In-ear headphones
- KZ SKS - Hybrid True Wireless Stereo Earphone. An ergonomically designed professional wireless earphone. Hybrid driver HD sound quality: 10 mm Dynamic Driver & 30019 Balanced Armature. Bluetooth 5.2 Stable Connection: Improve RF performance, transmit faster and farther. Physical noise reduction: Effectively reduce noise interference. High-Performance Mode: Enjoy almost zero delay games & video experience. Long working time: Charging case could support 8 times fully charging for earbuds. Simple Intelligent Operation: Automatic seconds connection, Inductive touch.
- HD resolution sound quality, Hybrid driver power: The built-in 10 mm polymer composite diaphragm brings a wide stereo field of 30019 balanced armature to supplement high-frequency ductility. AAC high definition audio coding analysis is outstanding. Electronic frequency division accurate adjustment listening sense delicate and warm. Three frequency equalization. AAC: HD audio decoding protocol. PCB: PCB integrated electronic frequency division. 10mm: 10mm broad frequency dynamic driver. 30019: 30019 extended balanced armature.
- Lightness and fashion shape. Customized compact fuselage. Noise reduction, enjoy music quietly, effectively reduce noise interference: The KZ SKS cavity designed according to the shape of the inner auricle fits the ear canal completely, effectively isolating part of the external noise, thus achieving the effect of passive noise reduction. Wear KZ SKS and adjust to comfort. About 22% volume is enough to enjoy music clearly. High-performance mode: without sensing delay. Enjoy games and movies at will: Three-click touch key to start high-performance mode. In high-performance mode, the sensorless delay is as low as the millisecond level. Playing games are smoother.
- The new generation of QCC3040: Bluetooth 5.2 chip: KZ SKS supports Qualcomm aptX audio decoding technology. Dual-channel transmission 2.0 and complete link optimization of the system, latency is significantly reduced. KZ SKS

has less power consumption. Seamless connection between the left and right ears is significantly improving connection stability also can be used independently. Amazing shape, ergonomic, and comfortable to wear.

- **technologia łączności:** Bezprzewodowe
- **wersja dla kraju:** PL
- **zawarte komponenty:** Headphones, Different sizes of plugs
- **waga przedmiotu:** 5 grams
- **Nazwa modelu:** KZ SKS Earbuds with microphone
- **opis przedziału wiekowego:** dla dorosłych
- **obudowa słuchawek:** Douszne
- **punkt znaku wypunktowania:** In-ear headphones, KZ SKS - Hybrid True Wireless Stereo Earphone. An ergonomically designed professional wireless earphone.
